Bootstrap	ASP.NET MVC
Foundation	SQL Server
JavaScript	Entity Framework
jQuery	Microsoft Azure
AngularJS	Grunt
Git / Github	Photoshop
Mocha / Chai	Illustrator
FireBase	InDesign

PROJECTS

HATERDATE Dating App *Final Capstone Web App*
Github Repository: *github.com/JaclynPasquale/HaterDateApp*
HaterDate is a fun dating app that matches people based on their mutual hate of various things. Built using ASP.NET MVC, SQL Server, AngularJS and deployed with Microsoft Azure.

FOTD / Face of the Day *Mid-Term Capstone Web App*
Github Repository: *github.com/JaclynPasquale/FOTD-App*
Demo Site: *fotd-app.firebaseapp.com/*
Utilizing AngularJS, FireBase and AWS S3 I created an app inspired by my love of makeup. FOTD allows users to keep a personal record of their favorite makeup looks and the products to create them.

EXPERIENCE

NASHVILLE SOFTWARE SCHOOL / OCT 2014 - MAR 2015
STUDENT
An intensive, full-time six month bootcamp for software engineering and web development. Developed full stack web applications and desktop apps using techniques such as pair programming and test-driven development. Learned modern frameworks as well as best practices and design patterns.

LEXICOMP / FEB 2013 - OCT 2014
GRAPHIC DESIGNER
Worked under a creative director to update branding on reference books and other collateral. Designed and coded email marketing sent to thousands of customers. Created materials used for marketing including website imagery, print collateral, direct mail and tradeshow assets.

FREELANCE GRAPHIC DESIGNER / 2011 - 2013
Worked with a variety of clients such as La Senza, PetPeople and other small design agencies. Designed web, print and environmental graphics for retail industry clients.

EDUCATION

BACHELORS OF FINE ART / 2007-2011
Columbus College of Art & Design
Majored in Advertising & Graphic Design and minored in Copywriting.
